

STABLE Environment

A safe and environmentally
friendly solution for the
Equine, Zoological, Livestock
& Poultry Industries

ProVetLogic
Professional

Licensed Board of Veterinary Medicine CE Provider

Let us help you create **Enviro-Sensitivity Zones** for a cleaner, odor-free and more environmentally friendly animal care environment.

Establishing **Enviro-Sensitivity Zones** is a proactive approach to effectively minimizing odors caused by animal feces and urine deposits and controlling the amount of toxic runoff that may enter the environment.

Many of the surface materials used in the design and construction of animal habitats are extremely porous and can harbor odor and disease-causing microorganisms. These surface materials may include:

- **Wood Stalls, Walkways, Bridges and Shelters**
- **Concrete Floors, Walls and Walkways**
- **Landscape and Habitat Rock Structures**
- **Brick Walls & Walkways**
- **Synthetic Floors, Walls & Turf**
- **Loose Soil & Grassy Areas**

Using **STABLE Environment** as part of your regular cleaning protocol will:

Minimize the risk of polluting the environment:

A key contributor to environmental pollution is the run-off created by cleaning solutions that enter sensitive waterways during the cleaning process. The impact on aquatic life can have a long-lasting effect on the fragile ecosystem.

The ingredients in **STABLE Environment** have been specifically selected for cleaning in sensitive environments.

Help protect sensitive species:

Mammal population declines have been correlated with organochlorine pollution. Moreover, numerous studies have attributed reproductive and non-reproductive dysfunctions in mammals to EDC (Endocrine Disrupting Chemicals) exposure.

STABLE Environment is formulated with non-EDC ingredients.

Common Pathogens that can be Found in Embedded Organic Matter

Bacteria

- Salmonella spp
- Yersinia enterocolitica
- Campylobacter jejuni
- Bacillus piliformis
- Clostridium spp
- Mycobacterium spp
- Shigella spp

Protozoa

- Isospora spp
- Sarcocystis spp
- Besnoitia spp
- Hammondia sp
- Toxoplasma sp
- Giardia sp
- Trichomonas spp
- Entamoeba histolytica
- Balantidium coli
- Cryptosporidium spp

Fungi

- Histoplasma capsulatum
- Aspergillus spp
- Candida albicans
- phycomycetes

PRODUCT SPECIFICATIONS			
Color:	Green	Odor:	Fresh Linen
pH:	9.0 – 10.0	Viscosity:	Water thin
Foam:	Moderate	Phosphate:	None
Solubility:	Complete	Emulsification:	Excellent
Detergency:	Excellent	Rinsability:	Excellent
Flash Point:	None	Biodegradability:	Complete
Storage/Stability:	1 year	Freeze/Thaw Stability:	Keep from freezing

STABLE Environment

Bioenzymatic Cleaner, Deodorizer & Drain Maintainer

STABLE Environment is a high performance, bacterial-enriched multi-surface cleaner, odor eliminator, organic waste degrader and floor drain maintainer. Use **STABLE Environment** to clean and deodorize equine stables, large animal cages and pens, interior and exterior zoo exhibits and animal transport vehicles. The unique chemistry provides bleach action (without the bleach) that brightens surfaces as it cleans.

STABLE Environment is the perfect solution for use in the following areas:

- | | | |
|------------------|--------------|-------------------------------|
| Equine Hospitals | Zoo Realms | Sheep & Goat Farms |
| Equine Stables | Cattle Farms | Poultry Farms |
| Zoo Hospitals | Pig Farms | Livestock Research Facilities |

- **Degrades organic matter**
- **Controls toxic ammonia**
- **Chlorine free**
- **GHS Compliant**
- **Economic Concentrate**
- **100% Nontoxic**
- **Deep Cleaning Action**
- **Pleasant Smelling**

ITEM NO.	PACK	DESCRIPTION
V09-14MN	4/1 GALLON	eZ Pour or Pump Gallon Bottle
V09-25MN	2/2.5 GALLON	eZ Pour or Pump 2.5 Gallon Bottle
V09-05MN	5 GALLON	5-gallon pail with pour spout
V09-30MN	30 GALLON	30-gallon drum
V09-55MN	55 GALLON	55-gallon drum

ITEM NO.	PACK	DESCRIPTION	BENEFITS
V09-32MN	6/32 OUNCE	AcuPro Precision Pour Bottle	More cleaner in less space!

ProFoam 2 Dilute, Dispense & Rinse System

The **ProFoam 2** hose end foam gun offers automatic dilution with convenient control of where and how **ProVetLogic** concentrated cleaning solutions are applied. This range of control *helps animal care personnel apply the solution only where it's needed.*

1. Includes labels and interchangeable dilution tips for our **V01 Animal Facility**, **V02 Kennel & Turf Care** and **V09 STABLE Environment**
2. Reduces labor time and cost with maximum cleaning performance.
3. Automatically dilutes and dispenses the solution in a clinging foam.
4. The quick disconnect spray gun allows a single user to apply and rinse the solution, eliminating the need for buckets.

IMAGE NO.	ITEM NO.	DESCRIPTION
1	V97	ProFoam 2 Foam Gun Complete
2	PVL10061500	Replacement Quick Coupler
3	PVL10083710	Replacement Spray Nozzle
4	PVL10061501	Replacement Lid Assembly
5	PVL688202	Replacement Bottle
