

Animal Facility

Complete Sanitation System

GREEN Button Dilutes @ 1.25 Oz. Per Gallon

RED Button Dilutes @ 4 Oz. Per Gallon

The Refillable Canister has a spring-loaded lid to help maintain moisture. The towels on the 160-sheet roll are made of durable lint-free fiber.

Quick disconnect hoses allow the hoses to be switched back and forth between the 1.25-ounce & 4-ounce dilution for bottle and bucket fill.

The specially designed 1/2 gallon Animal Facility Disinfectant bottle is machined plugged to ensure consistent dilution and eliminate free-pouring.

The dozen labeled spray bottles include 4 ea. Peel & stick labels (Isolation, General, Bird & Cat).
