The Guzzler – Solution Retriever

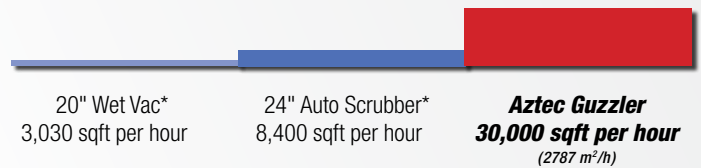

Features:

The Guzzler is the ultimate in high-speed recovery of scrubbing and stripping solutions. The Guzzler's 30" squeegee path retrieves solution at a rate of up to 30,000 sqft/hour. That's TWICE the speed of the other conventional recovery methods, and will not create additional foaming.

- Rugged solid steel frame
- Self-priming diaphragm pump
- Nylon ball bearings throughout entire driver system
- User-friendly, quiet with smooth operating features
- Twice as fast as automatics or wet-vac recovery systems
- Corrosion proof polyethylene tank
- Easy access for cleaning through 8" lid opening

Productivity:
