

MotorScrubber SHOCK

CLEAN HIGH, CLEAN LOW, CLEAN EVERYWHERE

Utilizing the latest oscillation technology, Shock agitates deeply ingrained dirt and grime to remove it from both small and medium surface areas. Developed over three years in our invention laboratory, the Shock has a wide cleaning head and newly designed M20 digital motor providing 5,000 rpm scrubbing force.

Utilizing our patented wall protection glide wheels with impact defense technology, Shock has been optimized to deep clean along the edges of floors, walls and baseboards. It also easily fits into the corners, cleaning anywhere with extreme precision. The unique Y-shaped yoke applies down force equally across the machine, giving exceptional control. The magnetic pad driver, seismic weight kit and targeted on-demand spray make the Shock extremely user-friendly!

STAIR CLEANING REINVENTED

Shock's lightweight and ergonomic construction makes it safe and maneuverable.

Stair cleaning has never been easier.

FAST AND EASY

BASE-BOARD CLEANING

No extra equipment is required for Shock to be the ultimate baseboard cleaning solution.

Simply turn the head to utilize the patented glide wheels for smooth and powerful vertical cleaning.
