425-HD HEAVY-DUTY PROFESSIONAL BACKPACK SPRAYER

Designed for applying degreasers, cleaning and disinfecting solutions, pest control solutions, plant protection chemicals, and many other compounds.

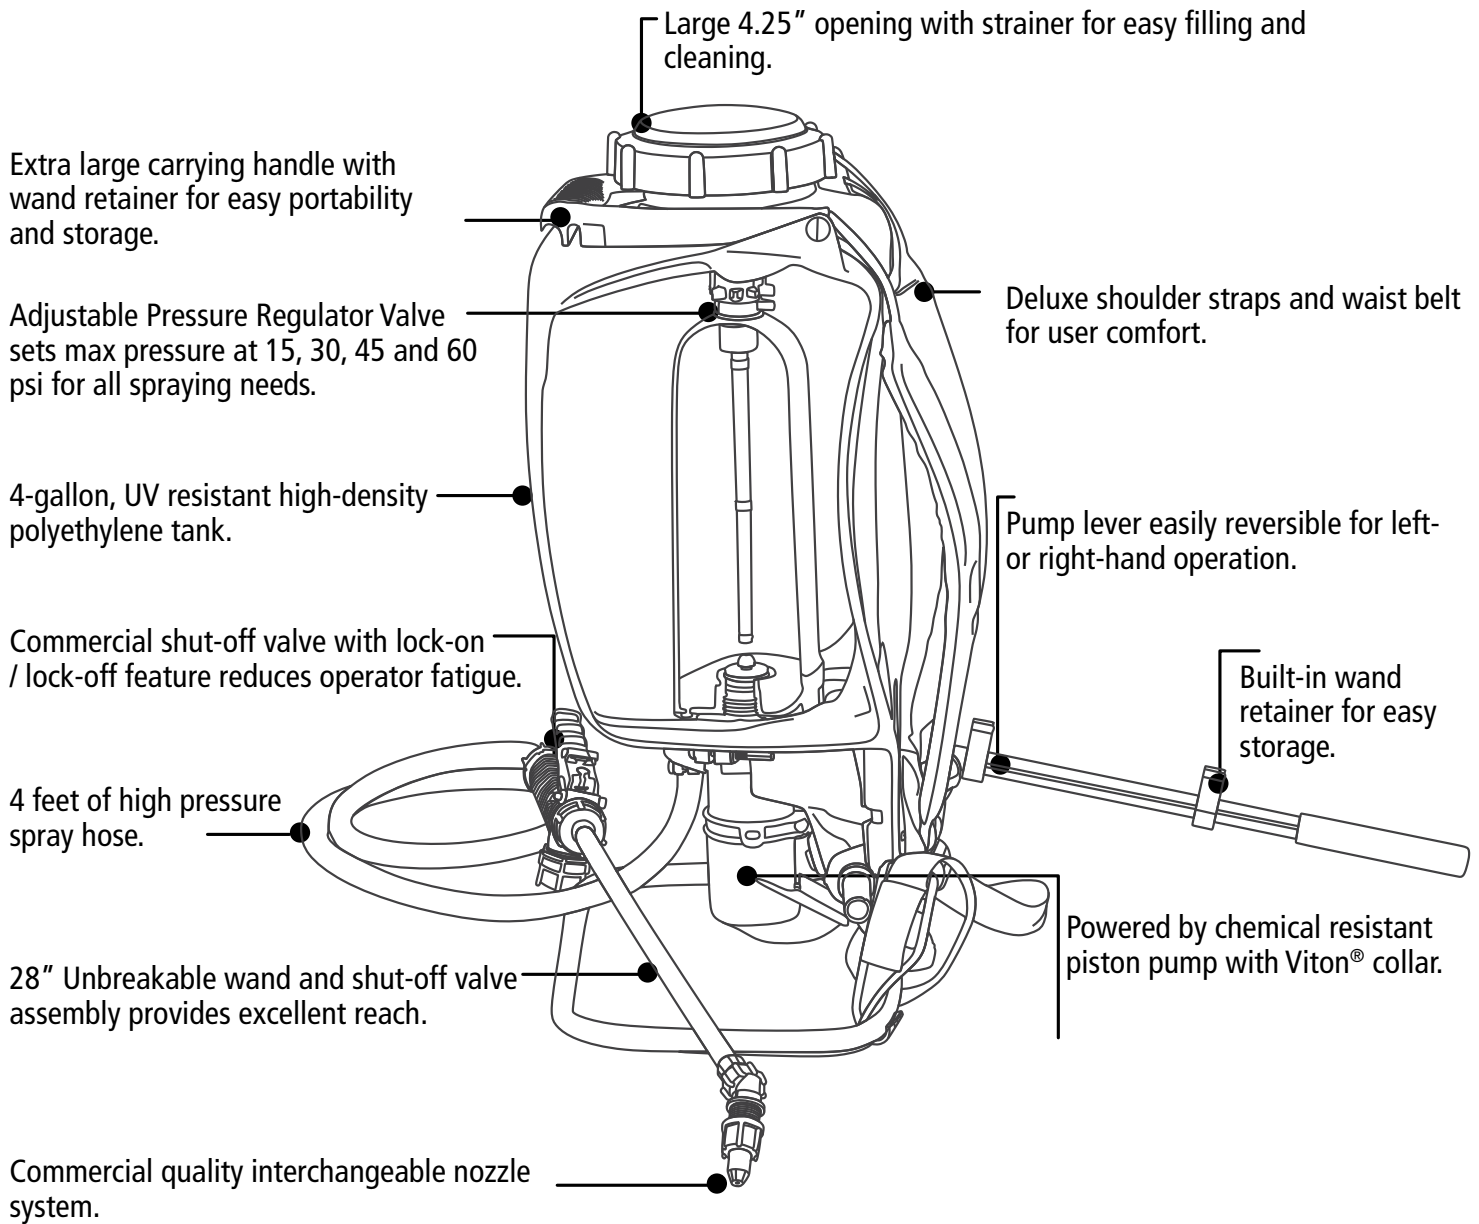

Designed to make even the largest spraying jobs manageable. Unique fluid-driven pump design pressurizes to working pressure with as few as eight to ten strokes. Easily provides consistent pressure when precision application is required.

- High-performance piston pump for liquid formulation.
- Adjustable pressure regulator with four settings: 15, 30, 45, 60 psi.
- Comes with durable professional grade brass adjustable, plastic adjustable, brass fan, hollow cone, and jet stream nozzles.
- Plastic adjustable nozzle ranges from a jet stream to a very fine mist.
- No-drip check valve eliminates nozzle drip after pressure is released.
- All Viton® seals for superior chemical resistance.
- Extra large carrying handle with wand retainers for easy portability and storage.
- Deluxe shoulder straps and waist belt for user comfort.
