

AMERICA'S TRUSTED EXPERT FOR STRONGER AND FASTER CLEANING, DISINFECTANT & MOLD REMOVAL PRODUCTS. IT'S WHAT THE PROS USE.

MOLD & MILDEW

RMR Solutions is the trusted brand for mold-related cleanup across professional sectors due to its fast-acting, high-performance formulas. Whether you're a mold remediation contractor, handling water/fire/storm damage, or managing post-construction cleanup, RMR Solutions' products clean surfaces thoroughly, kill mold spores, and prevent their return with residual effectiveness. With a reputation built on performance, the ability to clean, kill, and prevent mold growth, RMR is the right brand for every level of mold cleanup.

SUGGESTED STEPS

1. Remove stains using RMR-86 PRO
2. Neutralize odor using RMR-Neutralizer
3. Use our fungicide RESTORE or RMR-141 to kill mold spores
4. Prevent growth with RMR's Mold & Mildew Encapsulant

MARKETS & USAGE

- Mold Remediation
- Property Management
- Hoarding Clean Up
- Water/Fire/Storm Restoration
- Home Inspection
- General Construction
- Real Estate
- Fence Companies
- Pressure Washing Services

STEP ONE RMR-86 PRO

- Remove stains in seconds
- No scrubbing
- Created by Remediation Pros

STEP TWO RMR-NEUTRALIZER

- Eliminates "bleach" odors
- Balances PH to prevent corrosion
- Spray or fog

STEP THREE

RESTORE

- Kills pathogens 2x faster than competitors
- Concentrate with no measuring cups needed
- Neutral pH
- \$7.50/gallon or less!

RMR-141 RTU

- RTU Fungicide; no mixing required
- Most kill claims on a RTU mold product
