RESTORE™

RMR Solutions delivers powerful, professional-grade cleaning and disinfection products trusted by remediation experts-and now, by the animal care industry. Our RESTORE™ disinfectant is the ideal choice thanks to its broad pathogen kill spectrum, faster contact times, and exceptional safety profile. RESTORE™ effectively eliminates dangerous viruses and bacteria including Parvo, kennel cough, distemper, Salmonella, C. Diff, and E. Coli, while avoiding the harsh health risks linked to hydrogen peroxide and quat-based products. It's non-corrosive, staff-safe, and surface compatible-perfect for high-traffic, pet-sensitive environments.

Your new favourite!!!

Reviewed in the United States on March 3, 2025

My new favourite! I will still keep Scout's Honour on hand, as it probably goes farther, but this will be what I grab first. Dog bed...neutralised. stubborn cat pee smell... obliterated. No heavy after-smell. No stickiness or bothersome residue. We have 4 kids, 3 cats, 2 dogs, 1 ferret. It's too much. There are bound to be accidents. I've tried EVERYTHING I can get my hands on. Scout's Honour was a major breakthrough. But this stuff is pure wizardry!
